Certification Assessor for the BKS Iyengar Yoga Association of the US
Director of the Center for Yoga of Seattle

**Limited
to 35
Students**

THIS COURSE is designed for those looking to receive as thorough an introduction to teaching yoga as possible in a 4 week time period. Richard Schachtel is one of the most experienced Yoga Teacher Trainers in the US and has been giving teacher training since 1986. Students from around the world have been coming to Seattle for his summer teacher trainings for over 10 years. His program through the Center For Yoga of Seattle is one of only 29 authorized Iyengar Yoga Teacher Training Programs in the US.

The course is approved by the Yoga Alliance as meeting their 200 hour yoga teacher training requirements. The course is modeled upon the first two syllabi of the BKS Iyengar Yoga Association of the United States certification manual. Those who pass all written and online tests (which can be retaken until passed) will receive a certificate of completion from The Center for Yoga of Seattle as graduates of its 200 Hour Yoga Teacher Training course as well as a Yoga Alliance 200 Hour Teaching Certificate.

Graduates will not be certified Iyengar Yoga teachers which requires a minimum number of years of exclusive practice and teaching of Iyengar Yoga, recommendations by intermediate or advanced Iyengar Yoga Teachers, and a 3 step examination process, and more. Each country's requirements may vary. The one month training is an excellent preparation for assessment for qualified Iyengar Yoga students and the training is the same that Richard gives over a 2 year period in the US where students are prepared to take the examinations to become fully certified Iyengar Yoga teachers.

Iyengar yoga is one of the most influential and accessible yoga systems in the world. Based on the teachings of BKS Iyengar, author of the classic book Light on Yoga, Iyengar yoga is a dynamic and exacting method of integrating body, mind, and spirit.

Curriculum for the Training Includes:

- Iyengar Yoga Asana: Understanding the key postures like standing poses, shoulderstand, headbalance (see more detailed list on reverse side)

- How to teach; the arts of demonstration, instruction, observation, and correction
